

Who We Are

BuildGreenCT (an alignment of Connecticut Green Building Council, Connecticut Passive House, and Living Future Connecticut) is a statewide nonprofit organization built upon a rich history of people coming together as early as 2001, drawn by an interest and commitment to rethink how to design and construct.

Stronger together, we are a force for a more equitable, healthy, sustainable and resilient built environment.

Community at a Glance

- Over 2,800 people on our general mailing list,
- Over 28,000 website visitors
- 190+ members,
- 19 individuals serving as Board Members or Advisors,
- Six Green Building Standard and Special Interest Communities:
 - Connecticut LEED
 - Connecticut Passive House
 - Living Future Connecticut
 - Green Homes
 - Advocacy & Equity
 - Emerging Professionals

What We Do

Through programs such as the Green Building Impact Awards, the Northeast Summit for a Sustainable Built Environment (NESSBE), a partnership with Energize Connecticut, project tours, webinars, and coalition-building advocacy work, we are:

- Raising awareness,
- Spreading and deepening knowledge,
- Building community,
- Advocating for equitable and sustainable practices in building and legislation.

Our 2025 Program Scorecard

- 622 people registered for our programs,
- Almost 100 people registered for sustainable building tours.
- Nearly 500 people registered for our webinars.

Become a Sponsor
